## Children of Joy! Preschool

The mission of Children of Joy! Preschool is to make the love of Christ known through a nurturing early childhood program. Children of Joy! is a ministry of Spirit of Joy! Lutheran Church dedicated to providing a foundation for spiritual, social, emotional, cognitive, and physical development for young children in a family centered environment.

### Curriculum

Our curriculum is based on developmentally appropriate practices while integrating Christian principles. Child-directed, child-initiated, teacher-supported play is an essential part of the Children of Joy! program. Our literature-based approach is designed to incorporate dramatic play, reading, writing, art, cooking, math, science, music and movement, and cooperative group experiences. The children will enjoy a classroom setting rich with concrete exploration, creative opportunities, and stimulating activities.

The daily classroom schedules provide for alternating quiet and active play and individual and cooperative experiences to meet the unique needs of all children. Individual teachers and teaching teams design their classroom and lesson plans based on developmentally appropriate practices.

### Teachers

Our staff is composed of loving, nurturing professionals with experience in early childhood education. Teachers stay current by participating in a minimum of 15 hours of training each year. Because consistency is such an important element in a quality early childhood environment, Children of Joy! Preschool is committed to hiring and maintaining a staff of teachers with the long term in mind.

### Parent Involvement

Parents are encouraged to be active partners in their child's learning experiences at Children of Joy! Preschool. Opportunities for social, informational and volunteer experiences are provided.
